Christmas Doorway Contest

Every family in Mattapoisett is invited to enter an outdoor Christmas decoration contest for doorways and the areas immediately surrounding them which is being sponsored by the Mattapoisett Lions Club and for which three prizes will be awarded.

Contest chairman "Jiggs" Broadwater explained that "limiting the contest to doorways in no way is intended to discourage people from decorating their entire homes as so many do so beautifully each year in Mattapoisett. But, we do feel that confining the actual competition to doorways gives more people an opportunity to participate."

The closing date for entries is December 13th. Anyone desiring to enter the contest is asked to please phone "Jiggs" at 3763; David Furtney at 2732 or Phil Murray at 4949.

Only those homes so requested will be considered. Preliminary judging will take place between December 13 and 17, with final selections being made by a non-resident experienced in this type of competition.

'Adding' to Skills & Fun

TEACHER DEVISES ARITHMETIC GAME

A Sippican School teacher who devised an arithmetic game to help her grade 2 students master arithmetic skills is having it written up in GRADE TEACHER MAGAZINE. Mrs. Carla S. Gifune developed the game to aid children with their 'teen' addition and subtraction facts. She explained that her game is really four games in one and is based on mastering answers, both sums and differences, to the teen facts.

"The children use", she said, "four sets of cards. The problems appear on one side, the answers on the other so that they can check their responses immediately. Sets I and II deal with sums, while Sets III and IV with differences."

Two children play the game, using one set at a time. The object is to work their way through the deck of sums or differences, that player winning who compiles the most cards. Mrs. Gifune pointed out that the winner is not necessarily the player with the greater skill. Much depends on the way the cards are arranged in the deck. "The children", she said, "are given a chance to read the entire deck to me after they have played the game several times. If they can do so without error, they get a 'star' and move on to the next set."

Problems -- like $9 + 5$ or $13 - 4$ -- are printed in both horizontal and vertical positions so that the children can feel comfortable with both forms. According to Mrs. Gifune, the game provides children with speaking and listening drill all of which helps to reinforce the number skills she is seeking to develop. While one student is reciting, the other is listening, she said, and the game is visual too, since the cards have to be read. Since only two players are involved, it is a quick game -- no waiting around for turns.

"The kids enjoy it," Mrs. Gifune reports, "and most of all, it helps them learn those facts."

Y.W.C.A. Events

The Ski and Sport Show on Thursday, November 18th, from 7:30 to 10:30 P.M., sponsored by the adult ski club, is open to the public.

There is no admission charge. It is suggested that those who wish come dressed in sports attire. Also, the public is invited to contribute articles to the auction and swap show, and these should be left at the main desk by Wednesday evening.

The Dixon family, Frank E. Dixon, Mrs. Dixon and two children, will discuss family skiing and talk with families who are interested in information and about the sport. Keith Dixon, a sophomore at New Bedford High School, will demonstrate basic ski techniques.

Mrs. F. Omer Grenon, accompanied by her husband and three children who are ardent skiers, will give a commentary on ski wear.

Co-advisor of senior ski club, Louis Roy will be present to talk on ice hockey. Mr. Roy is a graduate of Assumption College and a charter member of the National Ice Hockey Officials Association of Southeastern Massachusetts.

Senior Ski Club is promoting interest in ice skating and hockey in view of the completion of New Bedford's skating rink which will be one of the finest in the country. By adding this feature of ice skating and ice hockey in the club's permanent program, young people will be prepared to participate when the rink is opened.

Snowshoeing adventures in Connecticut woods will be discussed by Miss Jean Campbell, executive director YWCA. Miss Campbell has had extensive snowshoeing experiences and will be dressed in a ski outfit.

Refreshments will be available. Recruitment and information booths will be in charge of ski club members and films will be shown at 8:30 P.M. Standard and special ski and hockey equipment will be displayed by local shops.

Little Theater Group is recruiting new members. Girls in grades four and five are invited to join this group which meets weekly on Mondays from 3:45 to 5 P.M.

Current activity is the preparation of a "sunshine visit" to the local nursing home, and the girls will plan an informal variety show for the elderly and sing for them.

CRANBERRY BOWL VICTORY

CRANBERRY BOWL

The traditional Cranberry Bowl contest between the Bulldogs and the Vikings is always a colorful one. Here are a few photo highlights of the day. Top left is the TD that started the great OR third quarter which put the game out of reach of the hard fighting Vikings of Wareham. It was a Bettencourt pass to Don Neilson for a 15-yarder TD. Left center, a Viking float which was constructed for the game under the sponsorship of the Boosters Club. Debbie Drake and Joan Balkus designed the Viking symbol which was constructed of paper flowers by many helpers. Unfortunately the OR I Love Bulldog floats had been broken up so could not parade.

Bottom left, the large crowd from OR watches in a tense moment as the Vikings drive to try to catch up.

Upper right, The Cranberry Queen candidates were on hand to brighten the half as they paraded the field. In the foreground is Nancy Gibson in her next to final appearance as Cranberry Queen.

Right Center - The combined OR-- Wareham bands in an impressive halftime appearance.

Bottom - Julio Andrade going on a draw to the 5. He scored on the next play.

improved player after the coaches have viewed the films of the game. The first annual Cross Country trophy was presented to David Rolfe, captain, from Wareham High School. Wareham won the Cross Country event by a score of 25 to 30. The trophy was presented by Win Cushman of Wareham for whom the trophy has been named. Billy Mansula of Old Rochester came in first in the over-all event.

Dancing was enjoyed by students from both schools.

Bulldogs Triumph Over Wareham

The Bulldogs of Old Rochester played their most impressive game of the year, in the opinion of many, as they retained the Cranberry Bowl in a 27 to 14 victory at Wareham. The victory on the field for Coach Gerry Oliva was a gift from his team, and at night his daughter Debbie was crowned the Cranberry Bowl Queen to make it a day that the Oliva family will remember.

The game started with a Wareham drive. From the OR. 30, Art Carney passed to Ken Berriault in the end zone and connected but the ball was bobbled and finally dropped incomplete. From then on the defense starred. An OR threat was ended as Paul McElvoy intercepted a Bettencourt pass on the Wareham 4. In trying to climb out of the shadow of their own goal, Ware-

The second touchdown was a completion from Bettencourt to Don Neilson of 15 yards. The conversion was missed. Paul Soares, who ran well all afternoon, set up that score and ran for the next from the 12. The extra point was missed and the score was 19 to 0 at the beginning of the fourth quarter.

Wareham fought back with a long punt return to the 32. A screen pass to Glen Gifford put them on the 22. Carey then passed to Norm Dias in the end zone. Dias

"SILENT CAKE SALE" IN MATTAPOISETT

The Mattapoisett Parent-Teachers' Club is sponsoring a "Silent Cake Sale" on Thursday, November 18th, at 8 A.M. at the Center School and the Old Hammondtown School in order to raise funds for club activities.

It was thought that during this holiday season a donation of money rather than the actual baking of a cake would be more convenient for the busy mothers.

Jr. High Progress

According to architect Robert Bradley, "considerable work has been done in the last 40 days" on the Old Rochester Junior High School. Reporting to the Junior High Building Committee, Bradley, spokesman for Drummey, Rosane, Anderson, Inc., said that the way the contractor is going right now - "bombing along," he called it -- the school should be ready to open in September.

Work on the roof has begun, while work on the cold walls and exterior is well underway. One day alone, 88 yards of concrete were poured. Within the next two weeks the building could be completely closed in, Bradley noted. Beyond that, the tar and gravel roof could be completed by January, providing there is no snow. Asked about the number of days behind schedule, Bradley said about 30. Wetwork delays and a carpenter's strike produced

News from O.R.R.H.S.

With Thanksgiving just one week away, students of Old Rochester Regional High School recently conducted a two-day drive for canned goods for distribution among the poor in Appalachia. "The results were highly gratifying," according to Principal Frank P. Gifune, Jr. "The youngsters responded to the request for help by donating more than 700 cans of food." The food has been shipped to Appalachia by a charitable organization to be distributed to the many unfortunate families there according to Mr. Gifune. "It was a nice, worthwhile, unselfish gesture on the part of our young people," he said, "and they deserve a pat on the back."

Foods classes at Old Rochester Regional are busily making arrangements for a spectacular Thanksgiving buffet for faculty and administration. The buffet will be served throughout the lunch periods on Tuesday, November 23. Mrs. Claudia Goff is in charge of the affair. Cost to diners is \$1.

Mr. Cruz engaged in an old fashioned give-and-take discussion with students, the discussion involving the area of labor-management relations and the labor movement in the United States. In addition, Mr. Cruz provided students with considerable background data on the American labor movement, the structure and size of the Teamsters, in particular, and the effects of President Nixon's wage and price freeze on the nation's economy. Mr. Gerard Oliva, Contemporary Affairs instructor, said that the students' response to Mr. Cruz indicated an extremely high interest in the course of economy.

The following trustees were elected for a 3-year period: Richard H. Carpenter, Lawrence P. Maxfield, Hartley Fell, Eliot A. Haywood, George Schwarta and Earl Holden.

Richard H. Carpenter also disclosed that the corporate name of the bank, currently The Fairhaven Institution for Savings, will be changed to Fairhaven Savings Bank in the near future.

A progress report was given on the erection of the new main office, located on Route 6 at the Washington Street intersection. The present main office, at 15 Center Street, Fairhaven, will become a branch office. The new main office tract comprises in excess of 80,000 square feet of land. Work

his orchestra.

For those who have been to these dances and heard this group you won't want to miss this one. For anyone who enjoys good music, even though you don't dance, you will find this evening an unforgettable one.

Lou Columbo, the trumpet player, compiled this orchestra with a group of men who have all played with the big bands. Lou, himself, has played with such names as Benny Goodman and Pres Prado. Out of his orchestra, the following will be present to play for us. Don Fabrizio, his piano player, has worked with Tommy Dorsey and Harry James. At the drums he features Dick White who has played with Gene Cooper and Bobby Vinton, and his bass player, Rene Poirier, has worked with Benny Goodman.

Needless to say these gentlemen can really put it all together and you won't was to miss them. Tickets are available from Jeannette Hubbard, 2339; or Sandy Perkins, 2786. If you plan to attend this spectacular, call these gals at once as tickets are limited. Refreshments will be served and there will be a door prize.

This will be an evening you will remember -- it is hoped you will be there.

No More 'F's!

'F' grades are out at Old Rochester.

Guidelines have been issued for implementation of "no credit" policy as part of the Old Rochester Regional High School's new evaluation and marking procedure. According to Philip F. Devaux, director of Curriculum, the new format calling for the elimination of the 'F' grade will begin with the first marking period and be followed for each succeeding marking period.

Previously, students received F grades for failing to meet course requirements or performing below acceptable levels of performance. Now they will be given an NC (no credit), which, in the case of seniors, will be assigned 0.00 value in computing grade point average and class rank.

Seniors, Devaux said, will have no opportunity to change an NC to a letter grade or discount the NC in figuring grade point average and class rank unless they go to summer school. Juniors may choose to follow the same procedure as seniors or choose one of the two options open to students in grades 7 to 10.

They may change NC to a letter grade by improving their performance in the subject area by September 1, 1972, or they may accept NC as an evaluation and receive
